

Financial Analyst (Temporary FT)

Powerex Corp., an entrepreneurial focused, fast-paced, energy marketing firm, has an 18-month full-time temporary opportunity for a Financial Analyst to join our Finance team.

Duties:

Reporting to the Manager, Management Reporting and Planning, you will flex your analytical data management skills to explore the fast-paced dynamic financial results of our energy trading portfolio. Being a self-starter, you'll efficiently and accurately complete your standard deliverables, allowing you to stretch your creative muscle and thought-leadership to bring outside the box solutions to special projects and initiatives. You'll be a key contributor to the annual financial planning process, and dig deep into underlying business drivers affecting Powerex's bottom line. You'll be surrounded by a strong team of finance professionals, working together to deliver best-in-class service to the executive management.

Furthermore, you'll leverage your professional toolbox to:

- Develop the annual budgets, business plan and forecasts as well as any information required to support the consolidated process
- Collect and analyze large volume information and develop and implement innovative solutions that can be readily maintained and used by others to create, gather and compile financial data and estimates into meaningful reports
- Develop, analyze, prepare and/or review complex financial information and reports to assist senior management in understanding business results, including preparing and/or reviewing board reporting packages
- Daily analysis of net income reporting, including detailed analysis of key performance indicators
- Lead the strategic planning, process design and implementation of a variety of Finance team initiatives, and assist in training and developing other employees within the team

Qualifications:

The ideal candidate joining our team will possess or must demonstrate:

- A Bachelor's Degree in Finance, Accounting, or equivalent
- A professional designation such as a Chartered Professional Accountant (CPA), Chartered Financial Analyst (CFA), MBA, or relevant equivalent certification preferred
- 5+ years of professional experience in financial reporting, analysis and planning within a dynamic, fast-paced industry or public practice
- Very strong attention to detail, ability to produce accurate and precise reports
- Superior communication and interpersonal skills with the ability to succinctly analyze, summarize, and present information to various management levels of review
- Ability to complete deliverables on time and to take on extra tasks when required
- Robust knowledge of Excel working with and analyzing large data using data mining, visualization and reporting tools
- Takes direction well, has ability to work independently
- Ability to understand key drivers for the company, interest in the industry
- Knowledge of SAP considered an asset

What We Offer:

For the right individual, we offer a high energy environment, a fun and highly talented team, and a competitive total compensation package. We offer that “something different” to fulfill your sense of drive and exercise your intellect. If you are self-motivated and “able to make things happen,” and demonstrate strong interpersonal, technical and analytical abilities, we want to hear from you!

How to Apply:

Interested candidates should submit a CV and cover letter to hr@powerex.com. Please Note: Only those candidates chosen for an interview will be contacted.
